

Group Critical Illness

No one is immune to illness.

Critical Illness insurance has evolved from a specialty insurance product to become an integral part of employer group benefits plans. Research has shown that a significant number of Canadians will face the challenge of a critical illness in their lifetime.

Critical Illness insurance pays a lump-sum benefit when an insured person is diagnosed with one of the critical illnesses covered under a group policy. Coverage is available for employees, their spouses and their dependent children.

Advantages of Critical Illness Coverage

- The benefit is paid to the insured person
- Benefits are tax-free under current Canadian law
- The benefit can be used at the insured's discretion
- The coverage is complementary to other group benefits
- Full recovery does not impact payment of the benefit

Comprehensive Coverage

- 31 adult covered conditions
- 16 child covered conditions
- High Non-Evidence Maximums
- Multiple event coverage
- Early Diagnosis benefit
- Cancer recurrence benefit
- Best Doctors Second Opinion service
- Mandatory and optional plans are available

Nearly 1 in 2 Canadians will be diagnosed with cancer

5-year cancer survival rate
